

Product Fact Sheet

FlexEssentials™

What is FlexEssentials?

FlexEssentials is a delicious, convenient drink mix that provides rapid recovery and relief for muscles, bones and joints in one to 48 hours. It's a natural, healthy alternative to pharmaceuticals and slow-acting pills.

FlexEssentials Benefits

- Works in hours
- Powerful, natural antioxidant
- **NOT** slow-acting Glucosamine, Chondroitin or MSM
- Tastes great on-the-go

Why is FlexEssentials Different?

FlexEssentials is the ONLY drink mix containing SOD (superoxide dismutase), the body's most potent antioxidant. SOD quenches the body's most damaging free radicals, helping stop the health issue at the source. FlexEssentials works faster and on a far wider range of health issues. It's also the first to change the product category from "joints" to "inflammation." FlexEssentials helps with muscles, bones, joints and everything from a sprained ankle to a bad back.

TotalSleep™

What is TotalSleep?

TotalSleep is a gentle and natural sleep solution. It is a delicious, convenient drink mix that naturally boosts serotonin to help you fall asleep easily, stay asleep naturally and wake up ready to go. It is a natural, healthy alternative to sleep medications.

TotalSleep Benefits

- Fall asleep easily, stay asleep naturally
- Wake refreshed and ready to go
- Melatonin-free, diphenhydramine-free
- Drug-free, natural and healthy
- Tastes great hot or cold

Why is TotalSleep Different?

TotalSleep is the first and only drink mix that boosts serotonin naturally because it contains safe, non-habit-forming L-Tryptophan. The L-Tryptophan in TotalSleep raises serotonin levels naturally, which are depleted by stress, tension, age, caffeine, depression, overwork and inflammation.
